

# DEPLOYMENT WITH HEROKU

Deko Rhama Putra  
JumaTec

1

Buka heroku.com  
dan pilih “sign up  
for free”

2. Isi data dan klik “create free account”

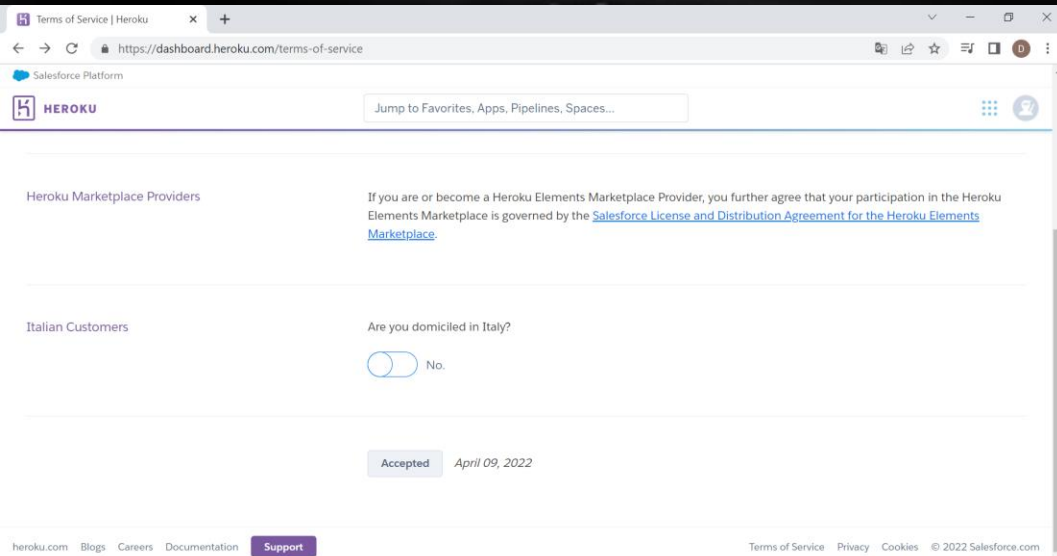

The screenshot shows the Heroku sign-up page with a dark purple background. At the top, there's a navigation bar with the Heroku logo and a 'Log in' link. The main heading says 'Sign up for free and experience Heroku today'. Below this, there are three main sections: 'Free account', 'Your app platform', and 'Deploy now'. The 'Free account' section is highlighted with a light blue border and contains a form with the following fields: 'First name', 'Last name', 'Email address', 'Company name', 'Role' (a dropdown menu), 'Country/Region' (a dropdown menu), and 'Primary development language' (a dropdown menu). The 'Your app platform' section describes Heroku as a platform for apps with app management and instant scaling. The 'Deploy now' section encourages users to go from code to running an app in minutes.

3. Verifikasi email dan buat password

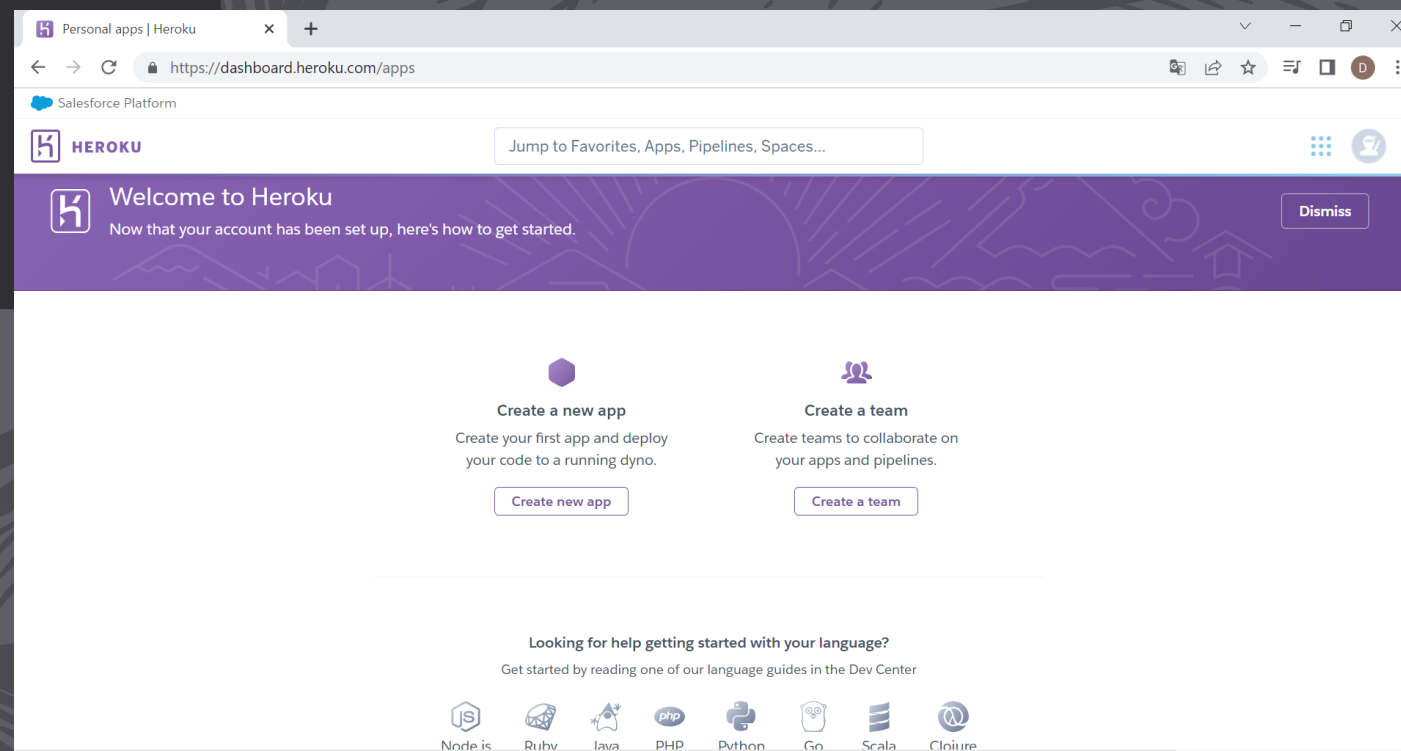

The screenshot shows the Heroku account verification page, which has a dark purple background. The heading says 'Almost there ...'. Below the heading, there's a message: 'Please check your email (deko.rhama@gmail.com) to confirm your account.' There are three main sections of text: 1. 'If deko.rhama@gmail.com is not your email address, please go back and enter the correct one.' 2. 'If you haven't received our email in 15 minutes, please check your spam folder.' 3. 'Still can't find it? Try searching Gmail for "in:all subject:(Confirm your account on Heroku)"'. The page also features the Heroku logo at the top left.

## 4. Klik Accept

## 5. Pilih Create new app

6  
Isi nama  
aplikasi dan  
klik Create  
app

7

## Unduh software Heroku dengan klik “Heroku CLI”

# 8

## Pilih sesuai dengan spec laptop (64 atau 32) dan install

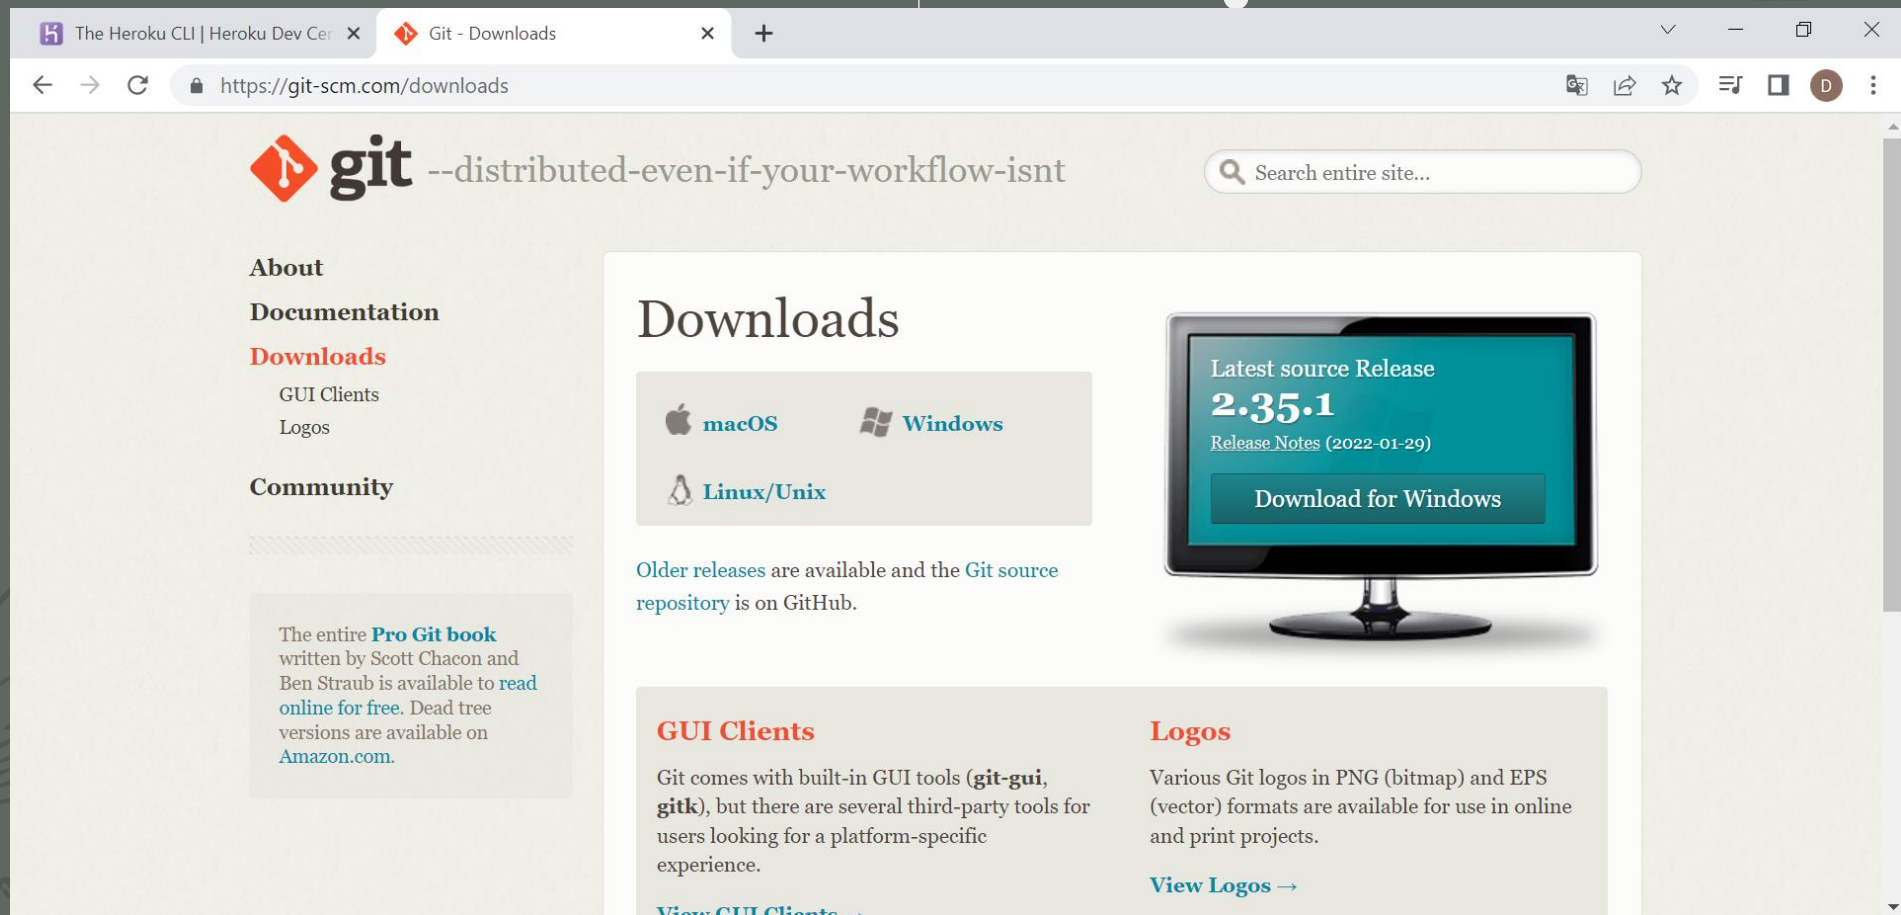

The screenshot shows a web browser window with the address bar displaying `https://devcenter.heroku.com/articles/heroku-cli`. The page content is divided into three main sections for different operating systems:

- macOS**: Features a terminal command box with the text `$ brew tap heroku/brew && brew install heroku`.
- Windows**: Includes the instruction "Download the appropriate installer for your Windows installation:" followed by two buttons: "64-bit installer" and "32-bit installer".
- Ubuntu 16+**: Includes the instruction "Run the following from your terminal:" followed by a terminal command box with the text `$ sudo snap install --classic heroku`. Below this, a link states "Snap is available on other Linux OS's as well."

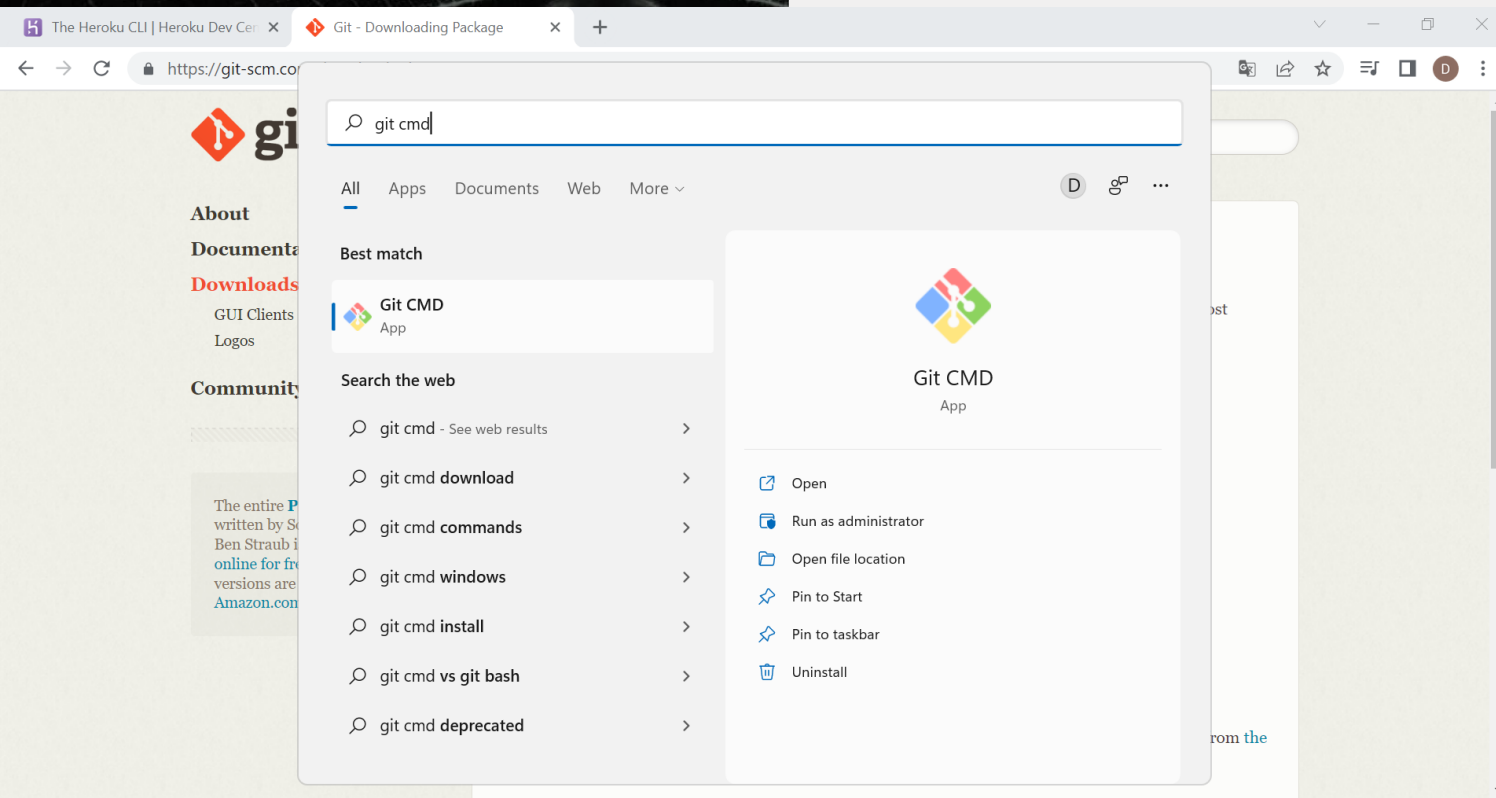

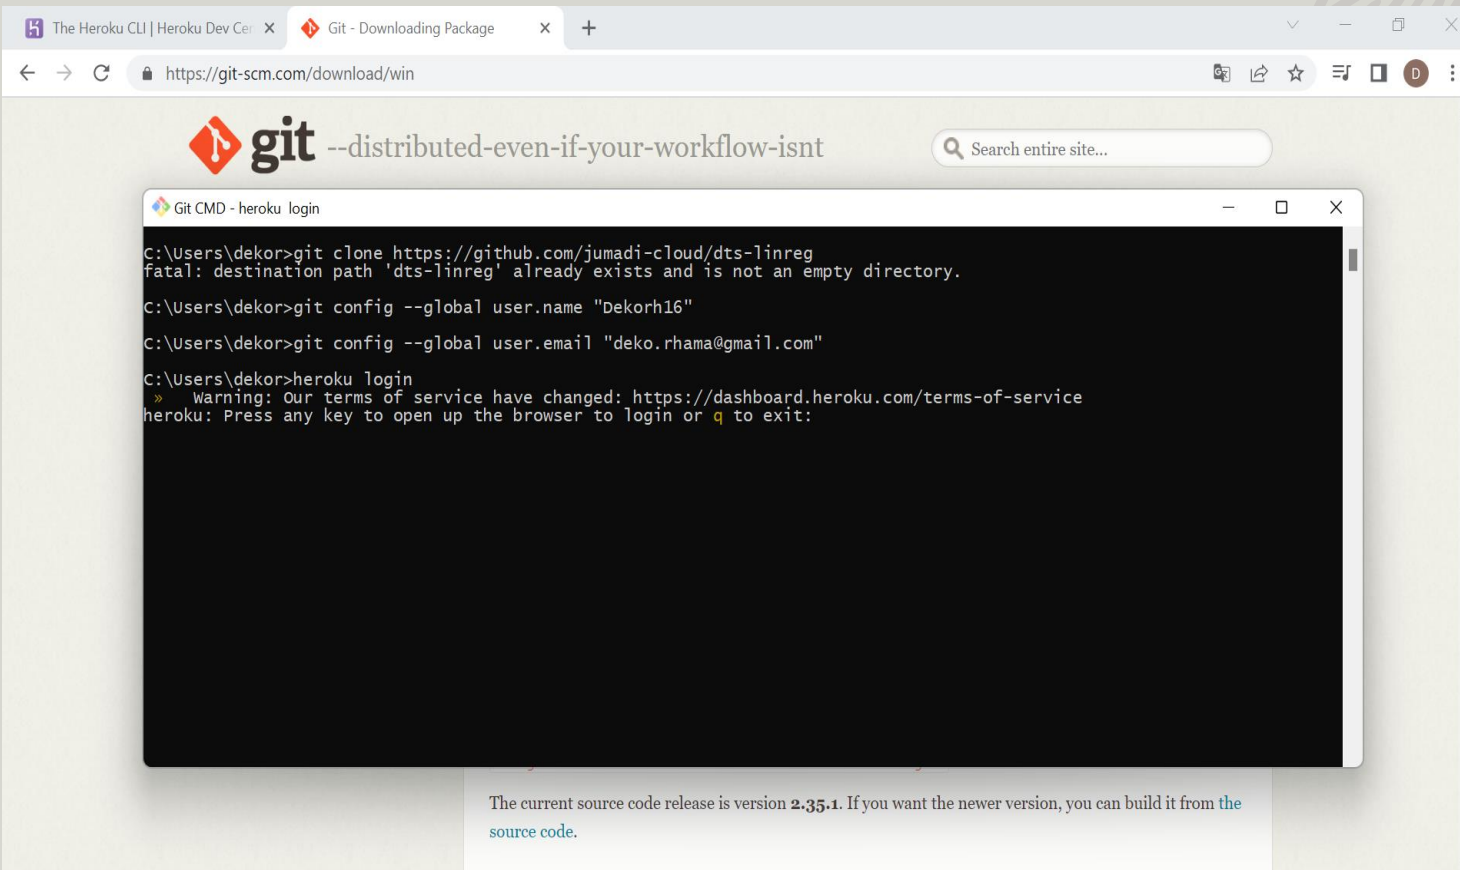

9

Unduh git bash melalui link:  
<https://git-scm.com/downloads> dan  
install

## 10. Buka git cmd pada laptop

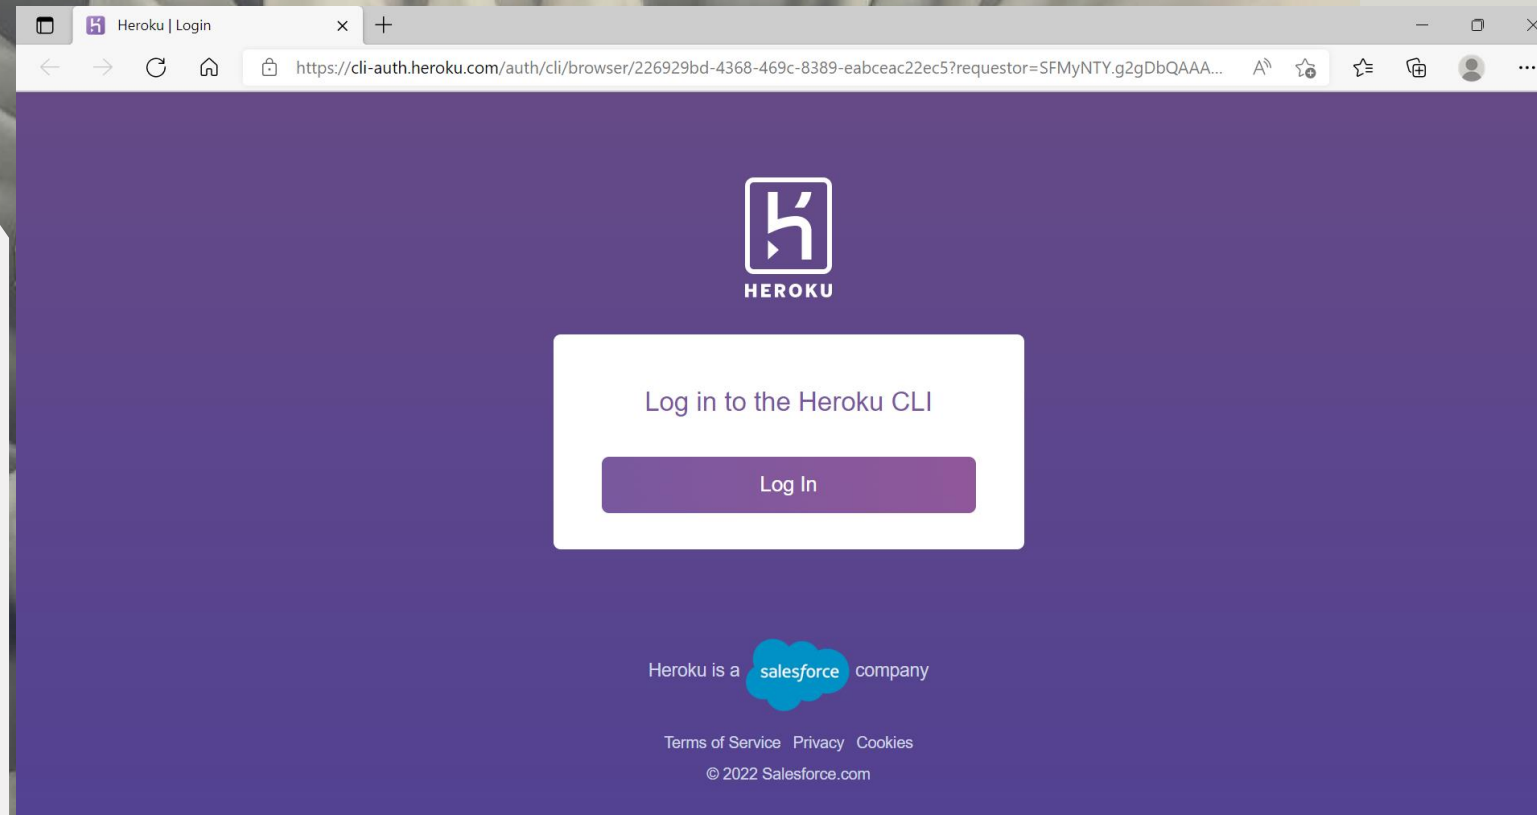

11. Ketik perintah :  
git clone  
https://github.com/jumadi-  
cloud/dts-linreg

git config --global user.name  
"username github milikmu"

git config --global user.email  
"email milikmu"

heroku login

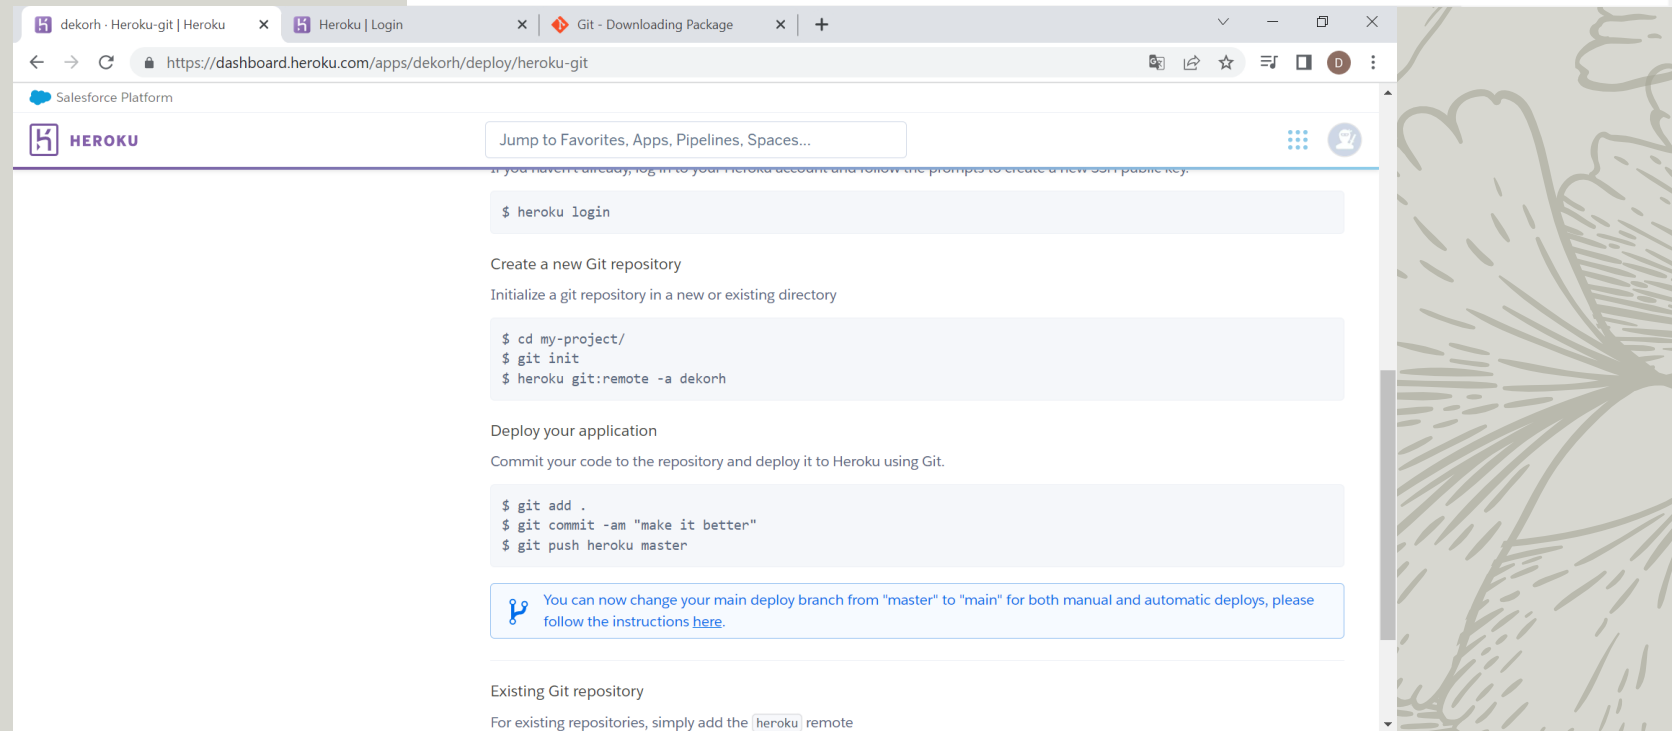

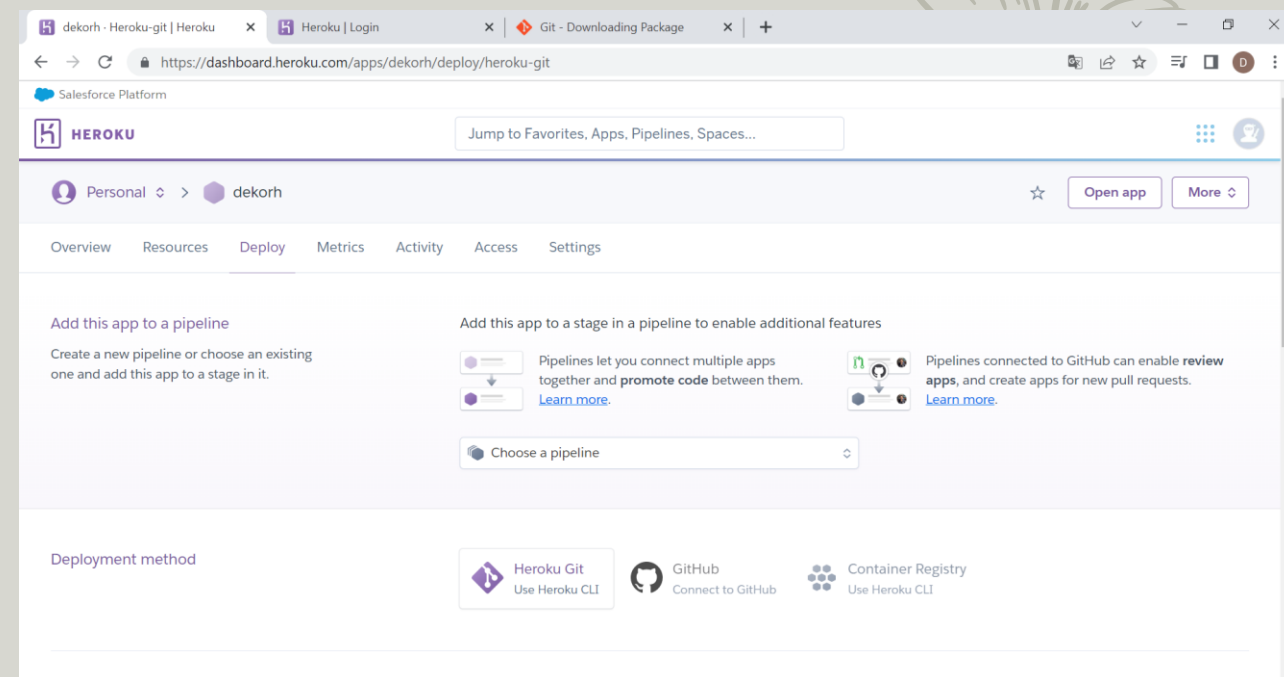

12  
Setelah muncul  
tampilan berikut  
klik “log in”

# 13. Pilih deploy dan ada 6 perintah deployment.

Beberapa perintah perlu diganti agar tidak eror :

- `cd dts-linreg`
- `git init`
- `heroku git:remote -a "nama"`
- `git add .`
- `git commit -am "make it better"`
- `git push Heroku main`

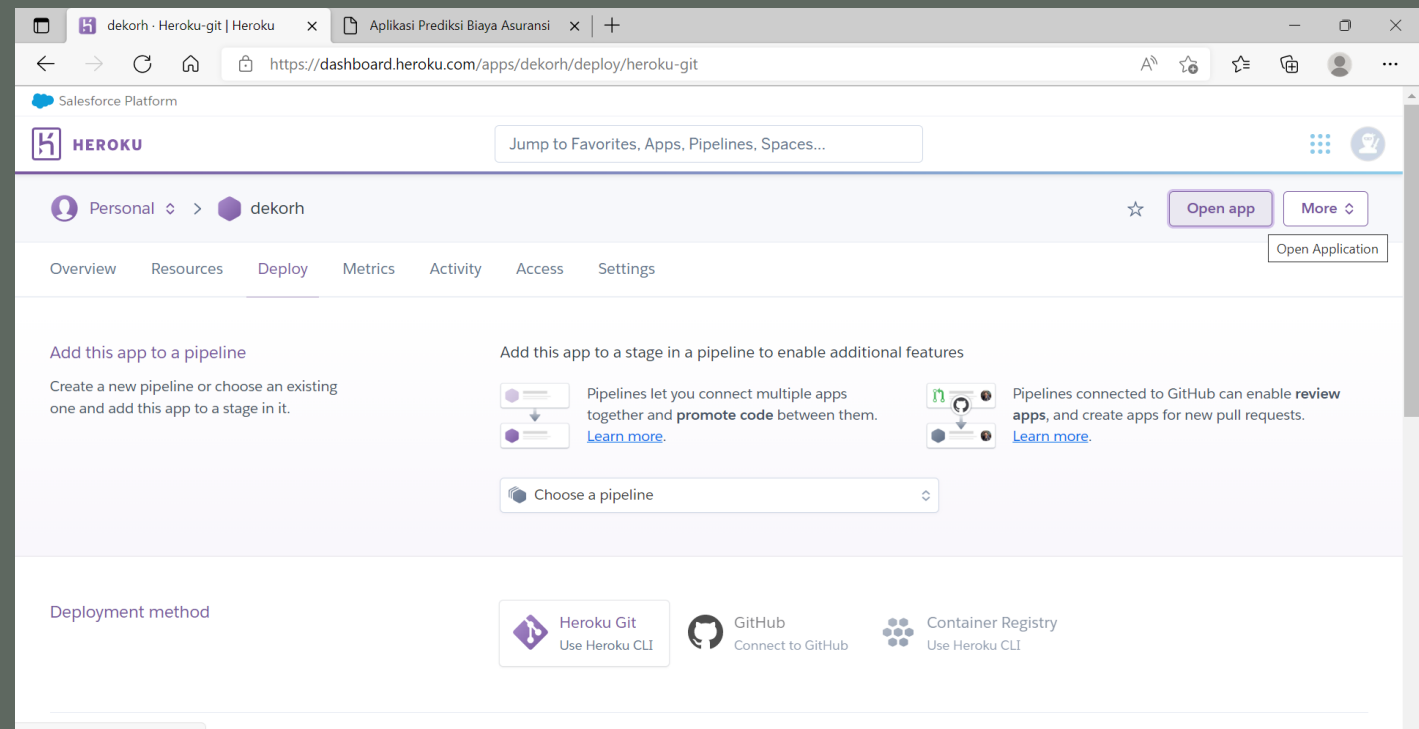

# 14

## Tunggu sampai proses deployment done

# 15

## Buka kembali web heroku dan klik "open app"

16

Jika proses deployment menggunakan heroku berhasil maka tampilan akan terlihat seperti gambar berikut

The screenshot shows a web browser window with two tabs: 'dekorh · Heroku-git | Heroku' and 'Aplikasi Prediksi Biaya Asuransi'. The address bar shows 'https://dekorh.herokuapp.com'. The application interface has a teal and blue gradient background. On the left, a white box titled 'Prediksi Biaya Asuransi Anda:' contains three input fields: 'Usia' (with a placeholder 'Usia'), 'Jenis Kelamin:' (with a dropdown menu showing 'Laki-laki'), and 'Perokok:' (with a dropdown menu showing 'Ya'). Below these fields is a green button labeled 'PREDIKSI SEKARANG →'. On the right, a white box displays the text 'Estimasi biaya asuransi Anda adalah' followed by 'USD 0' in large bold letters. Below this, another white box contains a yellow lightbulb icon with a blue cloud inside it.

Thank you
